

OSHA-10 & Safety Communication

Wednesday/Thursday (2-Days)
November 5th & 6th, 2025
8:00am-4:30pm
Location: Riverside County Workforce Development

Obtain Your OSHA 10 Certification Card

California law requires employers to maintain a safe workplace and a written Injury and Illness Prevention (IIP) Program. OSHA 10 training provides essential tools for recognizing and preventing hazards while reinforcing compliance. Participants also develop safety communication skills that empower them to voice concerns, share solutions, and foster safer environments
